

The number of people employed
part time for economic reasons
decreased by 2.8 million in August.

1. What effect will this change in employment have on consumption?

2. **Draw** this change in consumption on your graph. Indicate the change as a **movement along** the C line or a **shift** (up? Down?) of the C line.

The number of people employed part time for economic reasons decreased by 2.8 million in August.
