

39

Americans continue to see higher prices for the goods and services they buy, dampening optimism in the future. Also, low confidence in the government to turn things around is bleeding into consumers' outlook on the economy.

1. What effect will this expectation have on consumption?

2. **Draw** the change in consumption on your graph. Indicate the change as a **movement along** the C line or a **shift** (up? Down?) of the C line.
