If lenders guess inflation *very wrong* they end up

*giving money away*: negative interest!

True Cost of Inflation: Arbitrary redistribution of income  
from lenders to borrowers

If lenders guess inflation **wrong** they could end up

earning **zero** interest

True Cost of Inflation: Arbitrary redistribution of income  
from lenders to borrowers

If lenders guess inflation wrong they could end up  
earning zero interest

If lenders guess inflation very wrong they end up  
giving money away:negative interest!

# Who are Lenders?
