S

600

3,900

Price Ceiling: 2,200

A large pink triangle pointing to the right, with a thin red horizontal line extending from its left edge.

CS at  
Equilibrium

$$Q^s = 3000$$

CS after  
ceiling is  
imposed

Only 300 units are now  
available for rent

Consumers who can  
not find an apartment  
for rent, lose

$$Q^s = 300$$

CS lost

CS

gained

The imposition of a Ceiling (for example rent control)

Results in a decrease in the number of units available for  
consumers to purchase

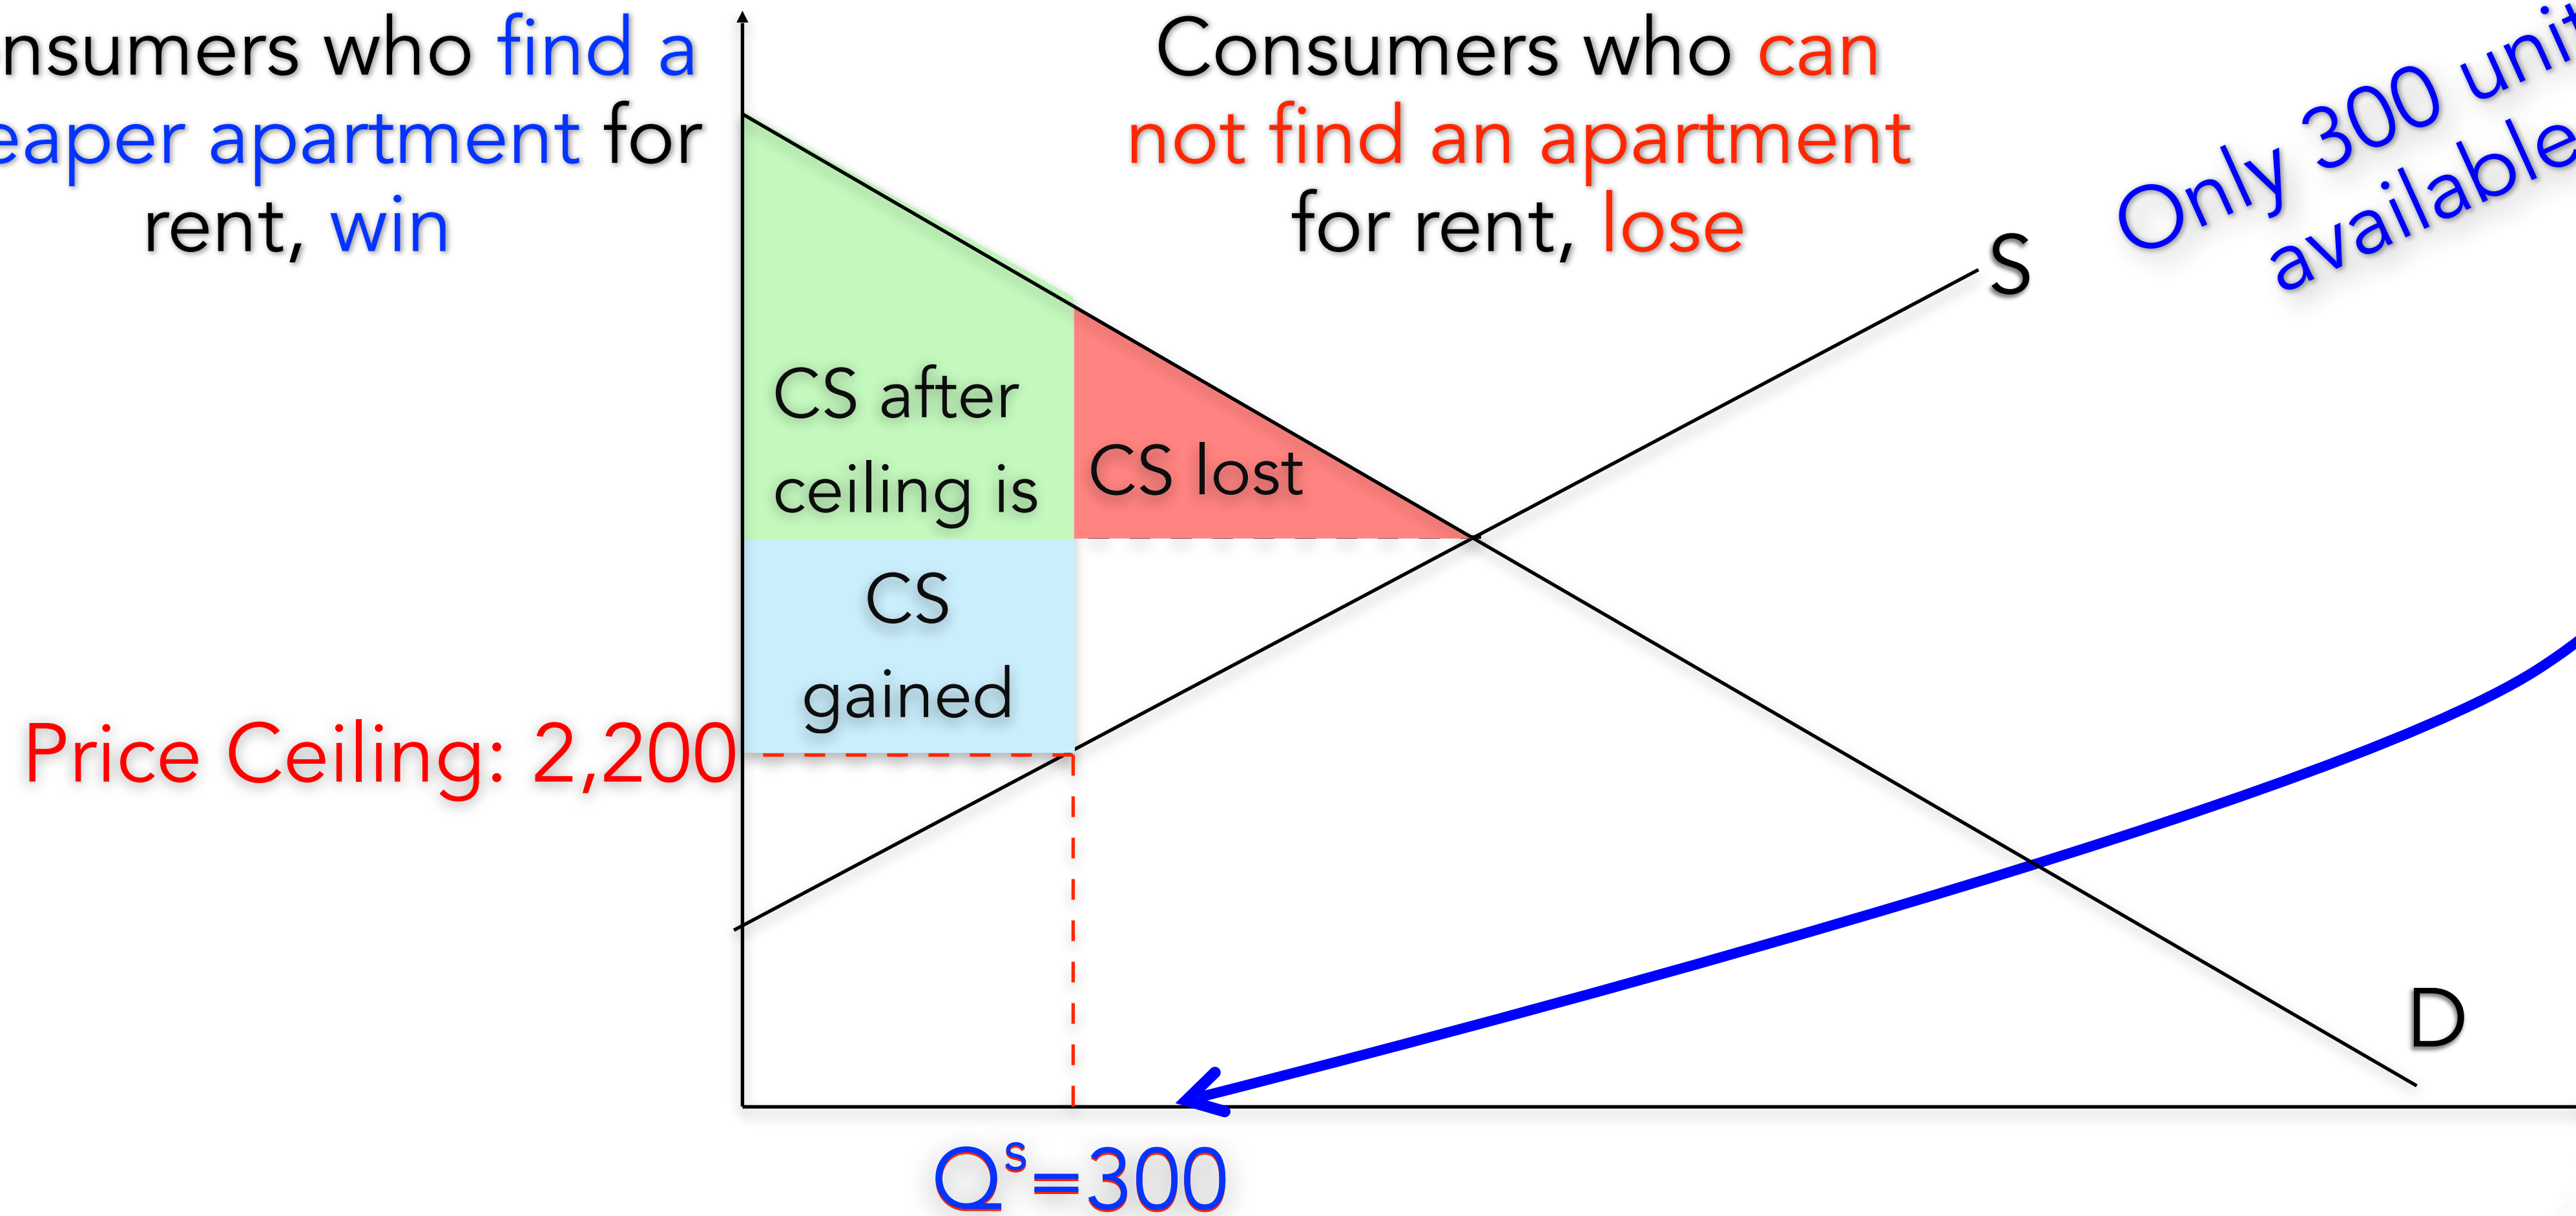

Consumers who find a  
cheaper apartment for  
rent, win
