

Institutional

Nursing homes,  
prisons and active  
duty in the  
Armed Forces

A diagram illustrating the composition of a population. A central box labeled 'Total Population' is connected by two lines to two other boxes. The top box, labeled 'Active Population: 16 years and older', is connected by a black line. The bottom box, labeled 'Non-Active Population Children', is connected by a red line. The bottom box has a red border and red text.

Active  
Population: 16  
years and older

Total  
Population

Non-Active  
Population  
Children

The Active (Adult) Population is divided into two groups: those who **can** work and those who are **institutionalized (can't work)**

Non  
Institutional

The Active (Adult) Population is divided into two groups: those who **can** work and those who are **institutionalized (can't work)**
