

Can be held at the
Fed's vault

Fed pays 5.4% interest
on both: Required and
Excess Reserves

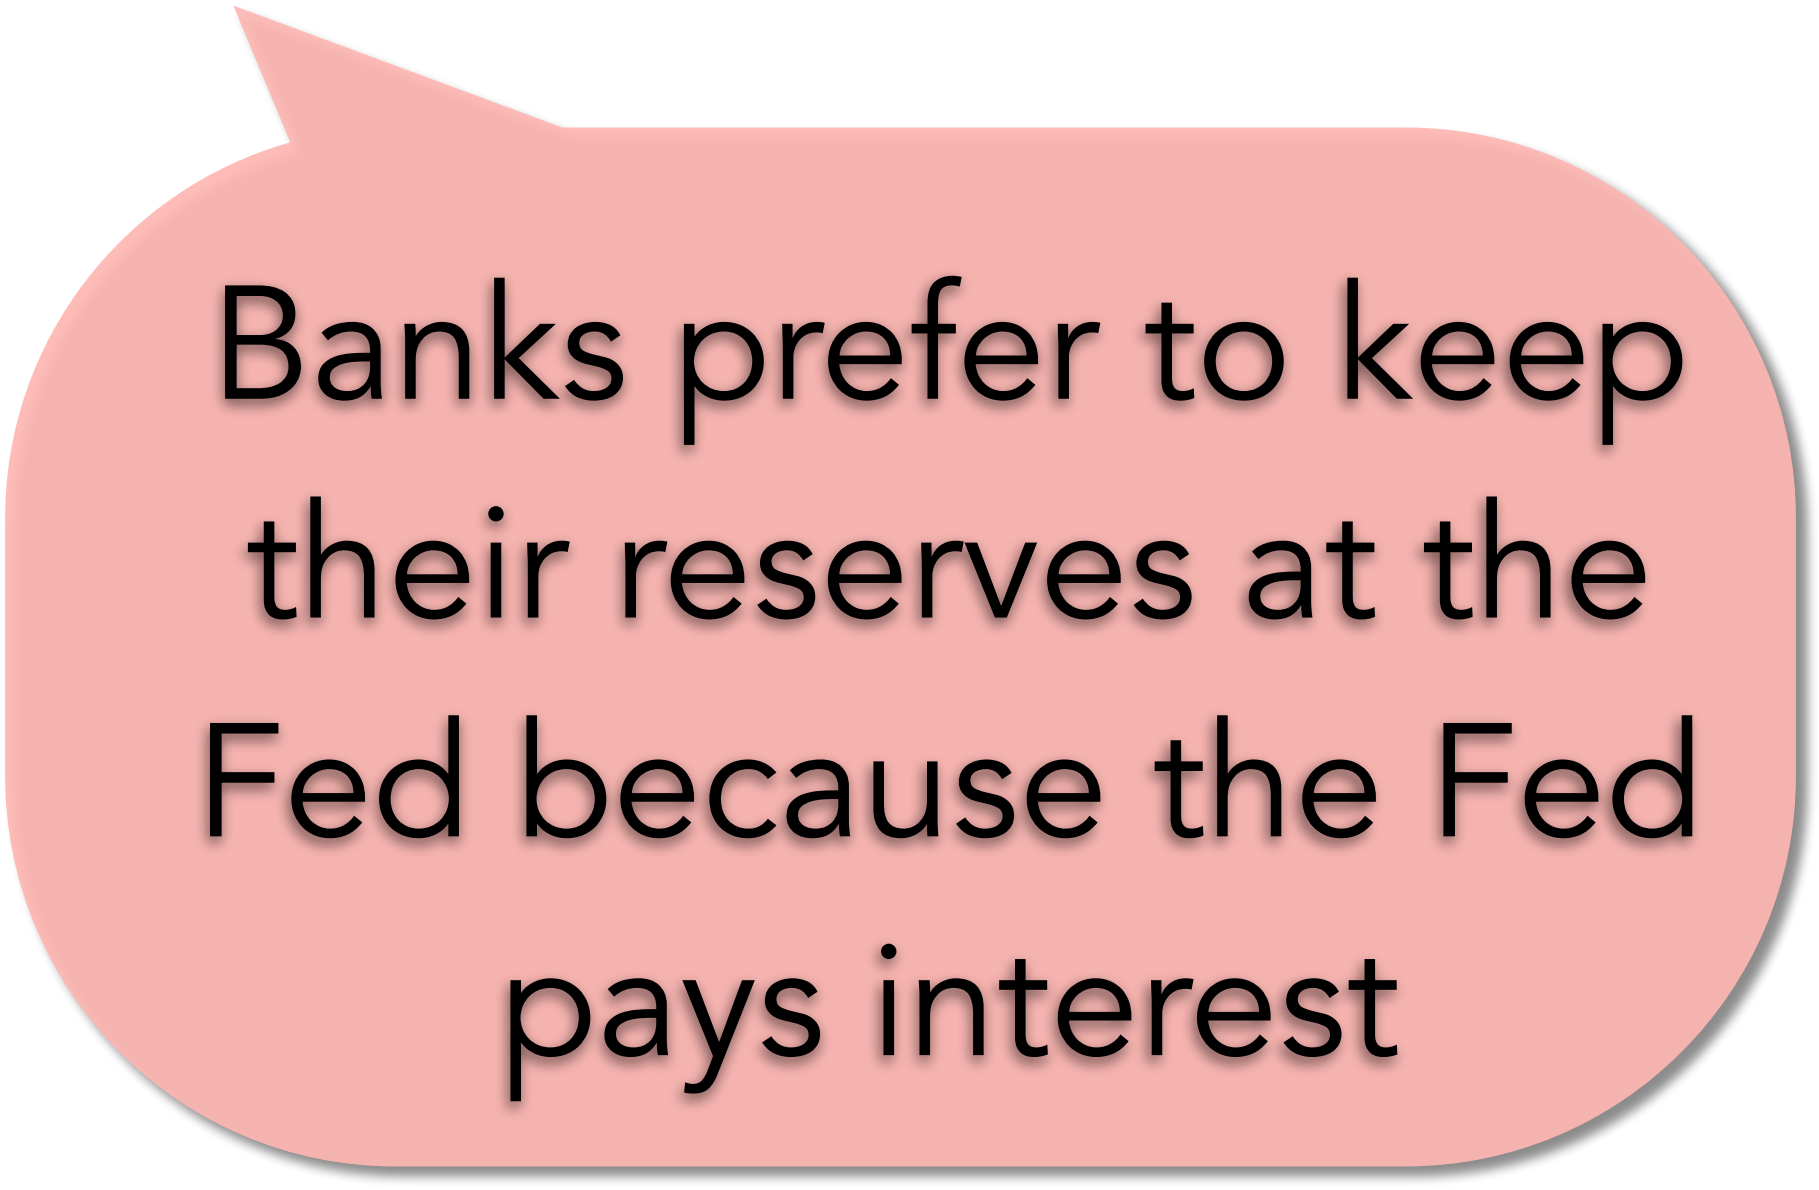

Bank's Reserves

Bank A

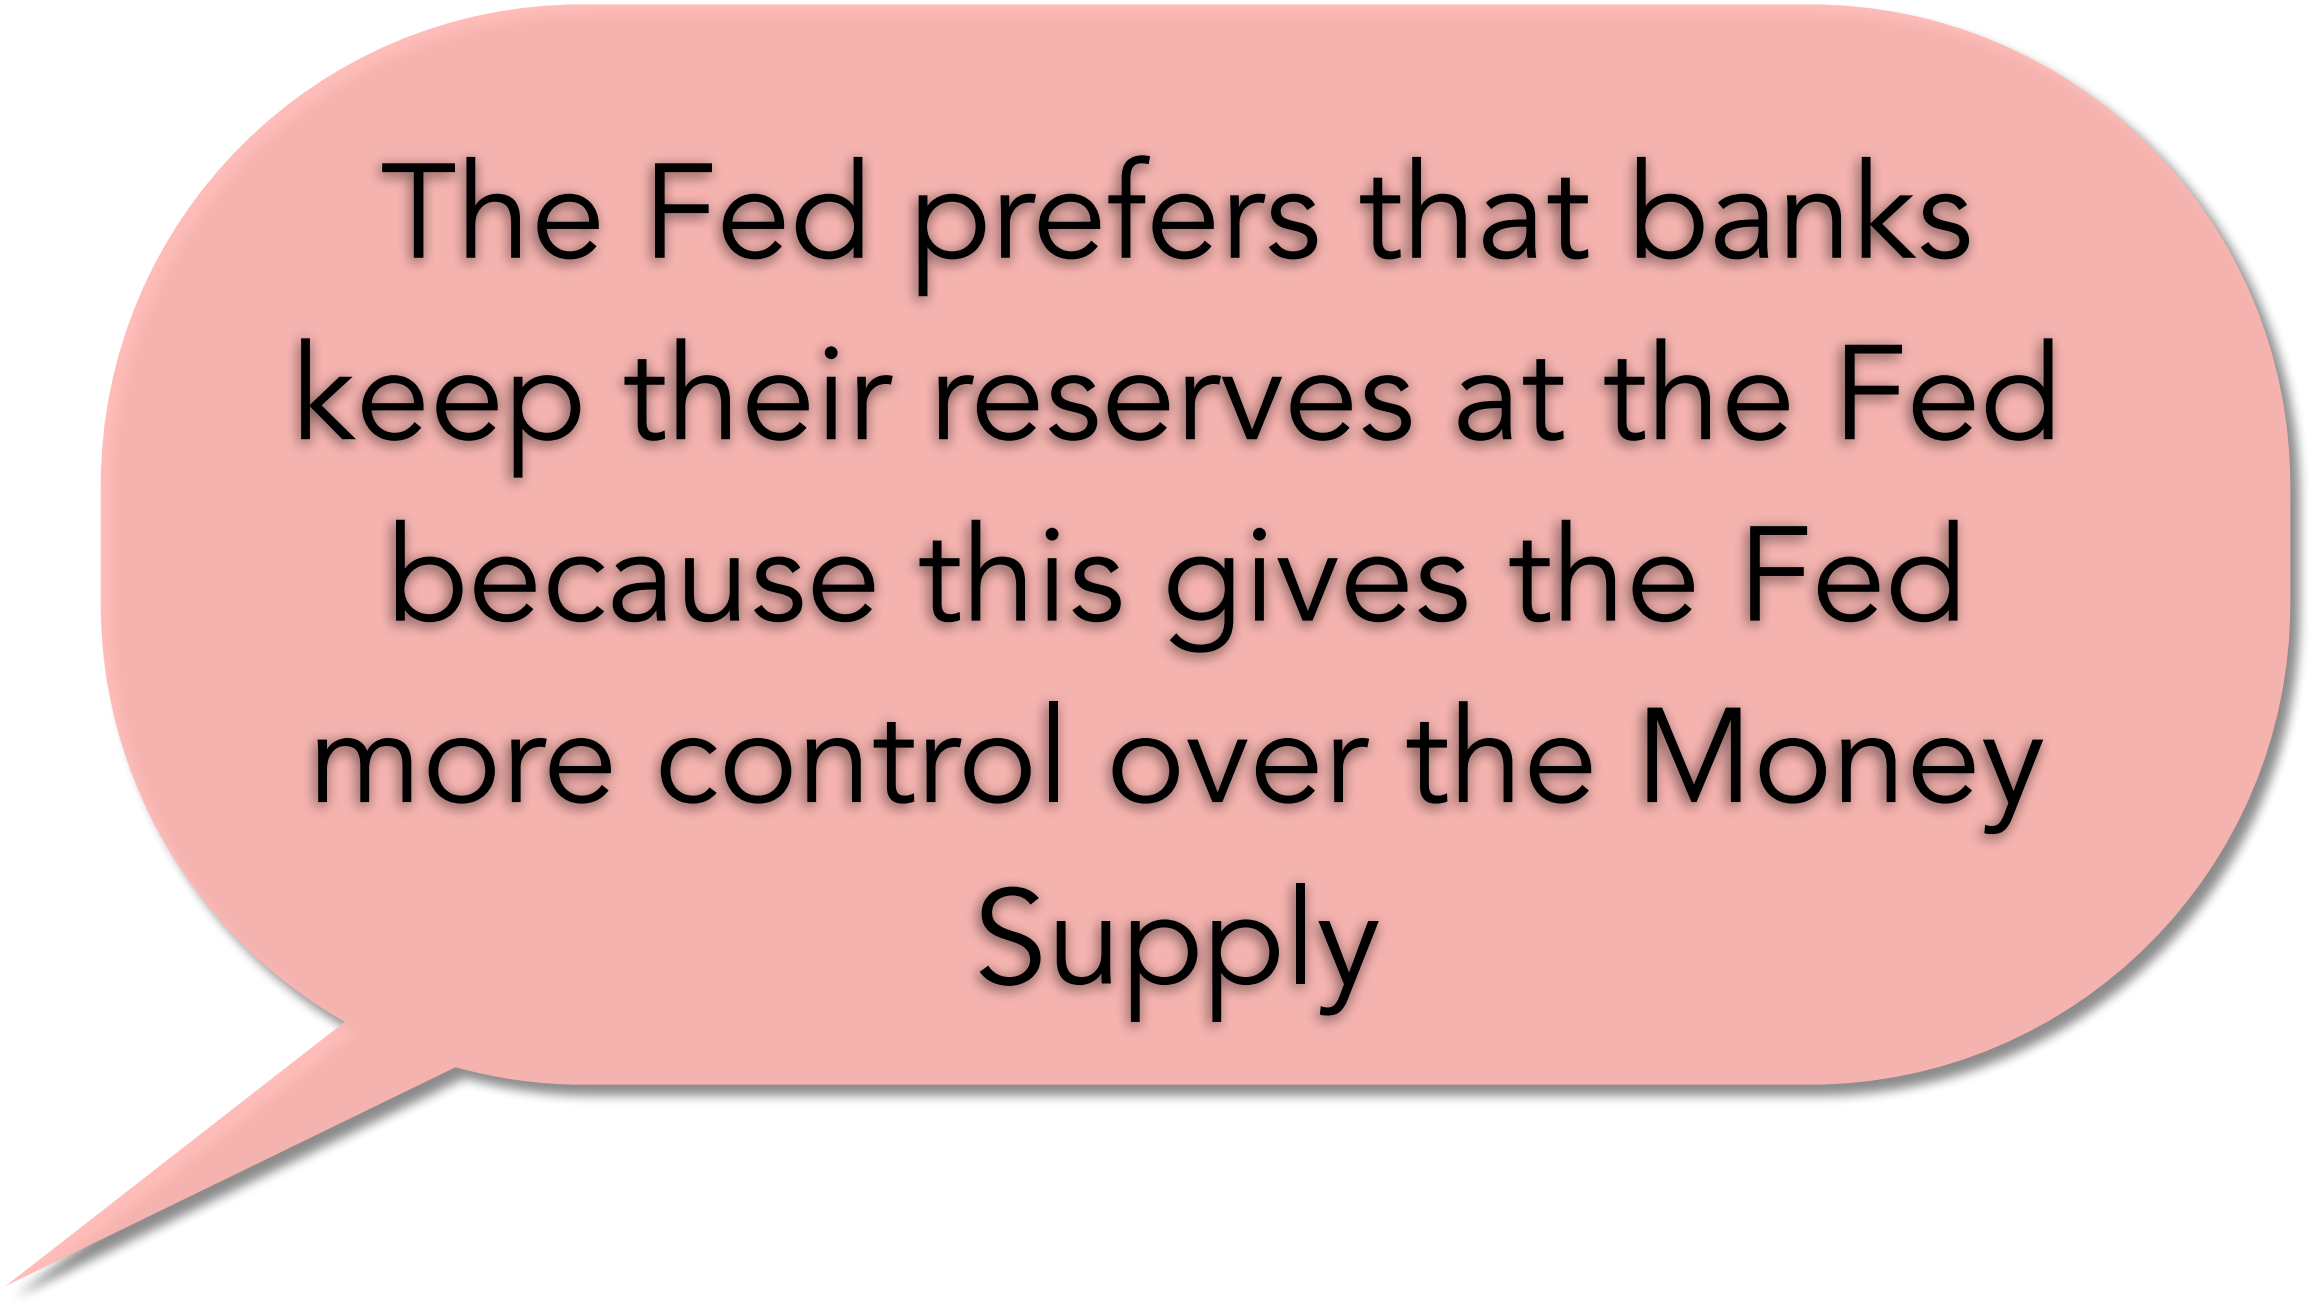

Can be held at the
bank's vault

No Interest

Banks prefer to keep
their reserves at the
Fed because the Fed
pays interest

The Fed prefers that banks
keep their reserves at the Fed
because this gives the Fed
more control over the Money
Supply

The Fed prefers that banks keep their reserves at the Fed because this gives the Fed more control over the Money Supply
