1,000

Salary

1,000

Your salary is  
a full basket

If your salary  
remains the same,  
they now pay you  
**half** a basket

To avoid this drop, your salary must increase by the same amount as the cost of the basket

If the basket now costs \$2,000, your salary must increase to \$2,000 so you can buy one full basket

This is your **Nominal** Salary

Real Salary

One full  
basket

Half a  
basket

Using the CPI

This is your **Real** Salary

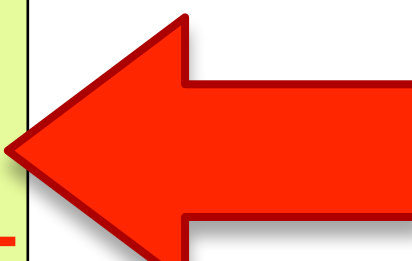

# Using the CPI

Basket	Quantity	Prices Base Year	Prices Today
Food	10	10	30
